## 2018 Community Outreach Program Application

Community groups and/or organizations requesting a reservation at the Everett Farmers Markets must be a non-profit organization offering education regarding market related and/or community services.

To apply for a community outreach space, please follow the instructions outlined below:

**1. Complete this form and send it to the Market Manager at least one month before date(s) requested.** Your organization will receive verbal or email confirmation prior to the requested date.

It should be noted that Community Outreach reservations are in high demand and requests may be limited to 2 times per season per market, on a first-come-first-serve basis. The Market Manager will determine further availability as space allows. If you would like to be considered for more than 2 dates, please include **all** dates that your organization is interested in, so that we can do our best to evaluate space availability and make assignments accordingly.

**2. Please Bring:** We require that organizations bring participatory games, quizzes, or other interactive educational elements to facilitate with kids and families. This should be the requesting organization's main focus in the booth, with the passing out of literature as a secondary option. Be prepared to engage and interact with people all day. (Showing up and sitting in a chair just watching people walk by defeats the purpose of reserving a 10x10 booth!)

**3. In the case that an organization may have multiple streams of focus** we, of course, appreciate awareness around themes that involve the preservation of farmland, healthy lifestyles and supporting a sustainable local economy (i.e. Gardening, New Urbanism, curbing of suburban sprawl, "buy local" campaigns, and any number of community development themes).

**4. Community outreach groups are subject to all Market Rules, unless otherwise specified.**
